Exports.

JACKSONVILLE, FLA.—P ir schr Thos J Frazier—200 sacks Liverpool Salt. Imports.

TURKS ISLAND-Per brig Cyclone-\$000 bushels Salt, to the Master. New York Markets.

MONEY MARKET. MONEY MARKET.

The World of the 25th inst, reports money was effered freely to-day at six per cent, to good borrowers, and in considerable smis at that rate returnable on January 2. Banks and money lenders are more disposed to grant loans since the visit of Secretary McCalloch. First class acceptances are wanted at seven per cent, and some of the drawers discount their own paper at six per cent. First class business notes range from seven to nine per cent, and other good names from ten to twelve per per cent., and other good names from ten to twelve per

per cent., and other good names from ten to twelve per cent.

During the week about £59,000 of sterling bills were negotiated by Jay Cooke, and the Atlantic and Great Western Railway Company also drew for large sums on various firms in London, against the loan raised by them in that city. This exceptional influx of bills depressed the quotation for sterling bills from 109% stiff last week to 109% to ½ weak.

Gold has also declined from about 147 to 145%, with a tendency downwards. Gold is also arriving here in considerable sums from the Canadas, to pay for bankers' bills bought here. To-day the quotitions for sterling bills are: Prime bankers', 109% to ½; ordinary, 109% prime commercial, 108% to 109, and produce, 108% to ½. Prime francs, sixty days, are quoted at 5.15, and others 5.17% to 5.16%, and 5.18%.
